

BreakFree Intervention skills training 2020: CE Administration

BreakFree Intervention skills training equips participants to understand the history and methods of various intervention models in comparison to Brad Lamm's proprietary invitation to change, paired with long-term family recovery. Through education, case studies and role-plays, participants learn how to intervene using this cutting edge approach to initiating family recovery. **CE Administration Information: 17 Classroom Continuing Education Units** are provided by CE-Classes.com and the PA Certification Board. Ce-Classes.com has national and state approvals to provide CE's to a wide range of mental health professionals including Social Workers, Professional Counselors, Marriage and Family Therapists, Drug Counselors, Nurses and Psychologists. PA Certification Board approves CEs for interventionists and the Certified Interventionist Professional (CIP) certification. **6 additional CEs** are available and provided by PA Certification Board for completing the **Video Learning Series** within two weeks of the workshop dates.

Brad Lamm, CIP

Brad is an author, teacher and interventionist best known for helping people make life-enhancing change alongside Oprah, the Dr. Oz Show, Today Show and others. Brad is the founder of Breathe Life Healing Center, a sophisticated treatment program that is helping America recover through trauma-informed evidence-based clinical solutions steeped in spiritual awakenings. A trauma survivor, Brad began his own recovery journey in 2003 from drugs, alcohol, bulimia and nicotine. Brad's life and work demonstrates how even the most challenging case might not only recover, but offer help and hope to those in crisis. www.BradLamm.com

Kathleen Murphy, M.A., LPC, LMFT

Breathe Life Healing Center's founding Clinical Director, Kathleen possesses a world of knowledge and a depth of experience, founded on 30+ years of experience working with people with substance abuse issues complicated by relational trauma. Kathleen makes use of didactics, psycho-education, lectures and experiential group processes that are heavily influenced by attachment theory and psycho-dramatic techniques to assist clients in reframing and reclaiming the self as a being in relationship.

Learning Objectives:

1. Demonstrate new competencies and enhance existing knowledge through in-depth role-play scenarios.
2. Identify the obstacles that can stand in the way of a successful BreakFree intervention and the skills necessary to overcome them successfully.
3. Demonstrate new Family Map competencies and explain the important role it plays in the BreakFree Intervention method of intervening.
4. Apply new information to build a new or enhance an existing intervention business based on the understanding and application of the BreakFree Intervention method.
5. Identify new ideas applicable to current practices in realistic, manageable ways to enhance service levels in agreement with the BreakFree Intervention method.
6. Demonstrate a working knowledge of special populations and how to apply this intervention methodology.
7. Identify the four types of intervention covered in the history of interventions including basic techniques used in each method.
8. Identify personal and professional ethical duties and boundaries, utilizing an ethical system of business guidelines and personal conduct.

BreakFree Intervention skills training is designed to meet multiple skill levels while advancing each participant's knowledge base. From beginner to expert, everyone learns from being in the same room together for three days, exploring best practices and new ideas.

The classroom is comprised of a wide range of professional backgrounds including those interested in making a career change, new interventionists, professionally certified interventionists, clinicians, social workers, marketing and outreach professionals and others working in the addiction, recovery and treatment fields.
